Phantom 32" Traction-Drive Scrubber

If you find yourself in a pinch mid-clean, you won't have to worry with this Powr-Flite Phantom PFS32 32" cordless walk behind floor scrubber! This scrubber has been designed to provide you with ultimate cleaning convenience, as its ergonomic fingertip controls keep your hands from cramping. It features a steel frame that's corrosion-resistant, so it can stand up to use in a commercial environment. For ease of use, its 32" cleaning path allows you to scrub 32,000 sq. ft. per hour for maximum cleaning efficiency. Plus, with adjustable tools, accessible ports, and a safety key, the scrubber is safe and easy to navigate.

This scrubber is battery-operated, which grants you the flexibility to clean wide open spaces without tripping hazards. The 24V battery quickly charges thanks to the onboard charger and then provides you with uninterrupted run time. An extra battery (sold separately) can be kept on standby, so you never have to wait while the other battery is charging.

As for the actual cleaning and filtration, this scrubber can't be beat. A scrubber's pads and brushes play a vital role, as they swiftly remove tough grime from hard floors. This unit's 3 stage vacuum motor and maximum recovery squeegee supply 110 lb. of down pressure and an output of 225 RPM to make quick work of the dirtiest areas. In addition, the tanks themselves aid in a hassle-free cleaning experience. The oversized tanks feature a quick fill port and drain hose, so wastewater can quickly be drained out. This allows the tanks can be cleaned to prevent bacteria from growing and then to be refilled. The recovery tank's filter also acts to protect the motor from any debris, saving you money in the long run.

FEATURES:

32” cleaning path covers up to 32,000 square feet per hour
Self-propelled traction drive with variable speed fingertip controls
21 gallon solution/recovery tanks
On-board battery charger and pad driver included
Three-stage vac motor and max recovery squeegee system leaves floors dry

DURABLE AND SIMPLE TO USE.

Our Phantom automatic scrubber line was built with your business in mind. Its durable design and simple controls make it easy to operate right out of the box, without the need for time-consuming training. Plus, we’ve only included the features you need to get the job done quickly and easily, so you’re not paying for unused bells and whistles or costly repair parts down the road.

Ergonomic fingertip controls and smooth, self-propelled traction drive performance helps users comfortably clean over 20,000 square feet per hour. With a continuous run time of up to four hours the Phantom is perfect for medium to large size spaces. When the job’s done, maintenance is made simple with easy access to batteries, vacuum motors and tanks.
