805544269421

Manufacturer: Husqvarna Equipment

Husqvarna 590457001 Ermator C3000 Pre-Separator Replacement Top Seal Kit
Number 3 In Image 590 45 70-01

Only Part number 3 to the right.
UPC 805544269421

Information on complete unit: Designed to MAXIMIZE Efficiency, Minimize Cost Each Pullman Ermator Pre-Separator works between the floor grinder (or shot blaster, scarifier, saw, milling machine, etc), leaf / gutter cleaner and the vacuum to catch up to 90% of the dust, debris, and trash
Makes You MONEY!

- * Vacuum Filters stay clean, reducing the need to clean or replace.
- * Enables you to keep the grinder running all the time, instead of stopping to empty the vacuum and clean the filters (simply turn off the vacuum for a few seconds, let the trash / dust drop into the pre-separator bag, then turn the vacuum back on and get back to work!)
- * Saves time spent cleaning filters
- * Saves money spent replacing filters
- * Keeps your grinder working full time

Factory supplied 90 year parts warranty.

C3000 Pre-Separator

When your dust extractor is prematurely clogging due to large quantities of material, consider the model C3000 pre-separator. It captures 90% of the material before it reaches the dust extractor, keeping your dust extractor filters clean and extending your grinding operation longer without interruption. Equipped with Longopac® for dust free containment and disposal. Accepts 14" Diameter or larger traditional 3 mil contractor bags too.

**Exact color or shade of product is subject to change without notice. Ships in red, black, gray, and orange.

Factory reserves the right to change the exact specifications without notice. This means that it may or may not include front casters, it may or may not include the vacuum hose clip for notched hose cuffs. Note some the vacuum hose slips over the vac connection and some slip inside the hose connection. Item is filled by part number and not the how you expect it to look.

We do not open the boxes to tell you the color of the day.
