Manufacturer: Husqvarna Equipment

Husqvarna 967855522 LG 504 AC Soil And Asphalt Compaction Machine Compactors Hatz 700 mm Reversible Plate

Description

LG 504 is a powerful, reliable reversible plate compactor to efficiently compact deep and medium-deep granular soil. It makes an effective alternative/complement to rollers when compacting in confined areas. It is equipped with a Hatz 1D81Z diesel engine and features an ergonomic, service-friendly design.

Features

Plates made to last

The plates are made from the extremely durable and wear-resistant Hardox 400 steel.

The special design keeps rocks from getting stuck between the plate and frame.

Easy operation

The forward/reverse lever and fixed handle grip make handling easy on all surfaces.

You don't have to push/pull constantly during operation.
