Clean Storm 20231030, Air Quick-Connect Plug Winterize Pressure Washer Protection to Male Garden Hose, GTIN 744759824455

Manufacturer: Clean Storm

Clean Storm 20231030, Air Quick-Connect Plug Winterize Pressure Washer Protection to Male Garden Hose, GTIN 744759824455

Description

Protect your investment from severe freeze damage with the Clean Storm Winterize Blow Out Adapter. Designed to seamlessly bridge your standard air compressor quick-connect line with a male garden hose faucet fitting, this heavy-duty tool allows you to easily flush all residual water out of your pressure washer system. By using air pressure to clear water from the pump head, high-pressure hoses, spray wands, and trigger guns, you prevent water expansion, ice buildup, and costly winter repairs. A must-have maintenance accessory for prolonging the life of your pressure washing equipment before seasonal storage.

Features

- Freeze Damage Prevention: Safely clears water from pump heads, pressure washer hoses, and trigger guns using compressed air.
- Universal Compatibility: Features an industrial air compressor quick-connect plug on one end and a standard male garden hose thread fitting on the other.
- Heavy-Duty Construction: Built with high-strength, corrosion-resistant brass to withstand high air pressure and frequent seasonal use.
- Easy Operation: Connects quickly to standard air hose couplers and garden hose inlets without requiring specialized tools.
- Cost-Effective Maintenance: Saves hundreds of dollars in potential pump replacements and repair parts caused by winter freezing.

Specifications

Brand	Clean Storm
Part Number / MPN	

Clean Storm 20231030, Air Quick-Connect Plug Winterize Pressure Washer Protection to Male Garden Hose, GTIN 744759824455
