Manufacturer: Husqvarna Equipment

Husqvarna 970614801 BG 250P Petro Floor Grinder 13Hp 10In Apron GTIN 805544963015

Product Description

The BG 250P is a petrol-powered grinder designed to give you all the functionality and versatility you need for a wide range of surfaces. With a single grinding head, this machine focuses all its pressure onto a single diamond disc for more effective and aggressive grinding. The BG 250P is ideal for applications requiring heavy duty surface preparation of small to medium sized floors such as surface levelling, the removal of coating defects and adhesives, preparation before coating and much more. Other applications include industrial flooring, concrete preparation and decontamination. This machine is easy to transport and its 3 in diameter dust hose connection manages dust more efficiently, for a safer work environment. Without the need for power cables, you can also enjoy greater mobility on job sites and make more of your time count.
